

Timbre Media Pvt Ltd (TM) is seeking dynamic, experienced RJs / Anchors/ Presenters to join our programming team across India. We are looking for high energy, creative anchors who can support the creation of content in various Indian languages for TM's corporate, Internal radio, digital/social media platform, or other platforms, as requested. An RJ/Anchor/Presenter is responsible for conducting the required research to generate the best content to generate audience interest and engagement.

The primary duties and responsibilities of the RJ/ Presenters include, but are not limited to:

- Taking direction from the Program Managers and delivering the show in a distinctive style that will attract and retain an audience with a voice quality that is authoritative yet conversational.
- Assisting the content team in reviewing and finalising the content strategy and execution in coordination with the stake holders.
- Performing under pressure and tight deadlines.
- Maintaining knowledge of domestic, international and current news events.
- Adhering at all times to the code of 'Journalistic Ethics'.

Candidates are required to have:

- Must have Radio friendly, good voice quality & voice modulation.
- Bachelor's / Master's degree, preferably in journalism, broadcast journalism, or mass communication.
- Minimum 3 years RJing / anchoring experience.
- Excellent written and verbal communication skills.
- Demonstrated editorial judgment.
- Ability to work well with others in a professional environment under pressure and tight deadlines.
- Editing content, including but not limited to reports, features and interviews, ensuring compliance at all levels
- Continually examining and proposing strategies to increase engagement and work with digital teams to design and launch new products and services, including blogs and forums.
- Developing editorial and production formats, workflow for Near Live / live/ on-line content, and using digital platforms to identify significant trends.
- Helping define and maintain the character of platforms and work with the social media team on postings.
